Computer Science and Engineering

The average of **selling_price** for all values of **name** and **engine** is 2,509,760.

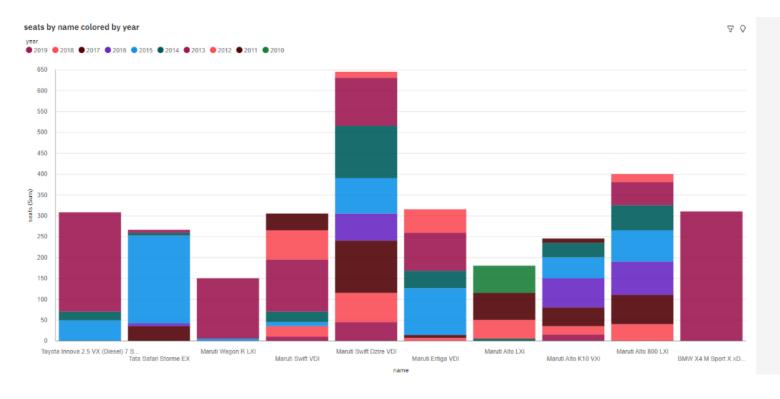

The average values of **selling_price** over all combinations of the inputs range from a minimum of 578,659 to a maximum of 5,461,290.

name strongly drives selling_price (100%).

The value of selling_price is most unusual when the combinations of name and engine are BMW X4 M Sport X xDrive20d + 1995 CC, Lexus ES 300h + 2487 CC, Maruti Swift Dzire VDI + 1248 CC, Toyota Innova 2.5 VX (Diesel, 7 Seater + 2494 CC, Volvo XC40 D4 Inscription BSIV + 1969 CC and more.

Maruti Swift Dzire VDI is the most frequently occurring category of **name** with a count of 129 items (32.6 % of the total).

The value of **selling_price** is unusually high when the values of **name** are BMW X4 M Sport X xDrive20d and Lexus ES 300h.

The sum of seats for all values of name and year is 3124.

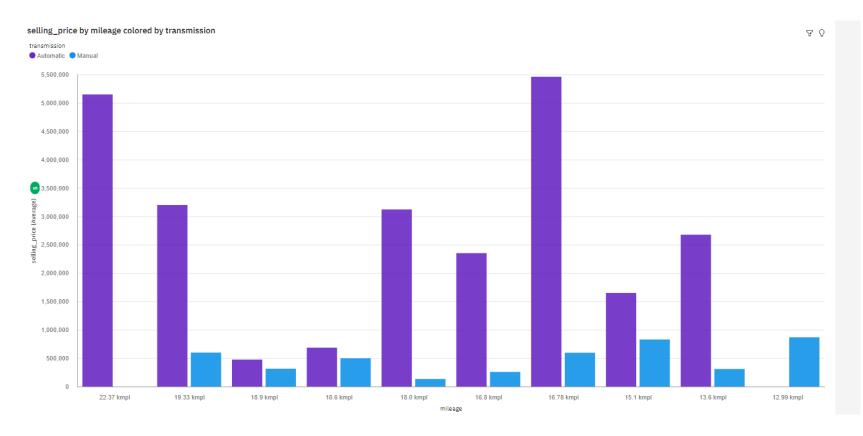

For seats, Maruti Swift Dzire VDI is the most important category of name with a total value of 645 (20.6 % of the total).

For seats, 2013 and 2015 are the most important categories of year with a total value of 1372 (43.9 % of the total).

The summed values of **seats** over all combinations of the inputs range from a minimum of 5 to a maximum of 310.

The value of seats is most unusual when the values of name are Maruti Swift Dzire VDI, Maruti Wagon R LXI and Maruti Alto LXi.

The value of **seats** is unusually high when **year** is 2013.

18.9 kmpl is the most frequently occurring category of mileage with a count of 225 items (22.3 % of the total).

Manual is the most frequently occurring category of **transmission** with a count of 749 items (74.3 % of the total).

mileage moderately drives selling_price (61%).

The value of **selling_price** is unusually high when **mileage** is 22.37 kmpl.

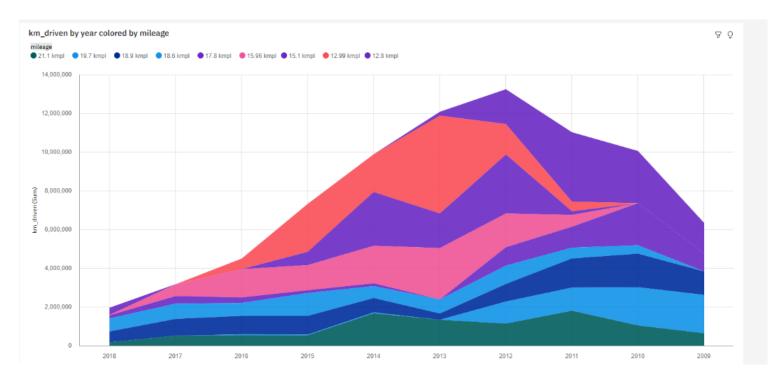

The average of **selling_price** for all values of **mileage** and **transmission** is 1,284,126.

The average values of selling_price over all combinations of the inputs range from a minimum of 132,833 to a maximum of 5,461,290.

mileage and transmission strongly drive selling_price (96%).

The value of selling_price is unusually high when the combinations of mileage and transmission are 16.78 kmpl + Automatic and 22.37 kmpl + Automatic.

transmission strongly drives selling_price (71%).

For km_driven, 12.99 kmpl is the most important category of mileage with a total value of 12,094,421 (15.2 % of the total).

The value of km_driven is unusually high when mileage is 12.99 kmpl.

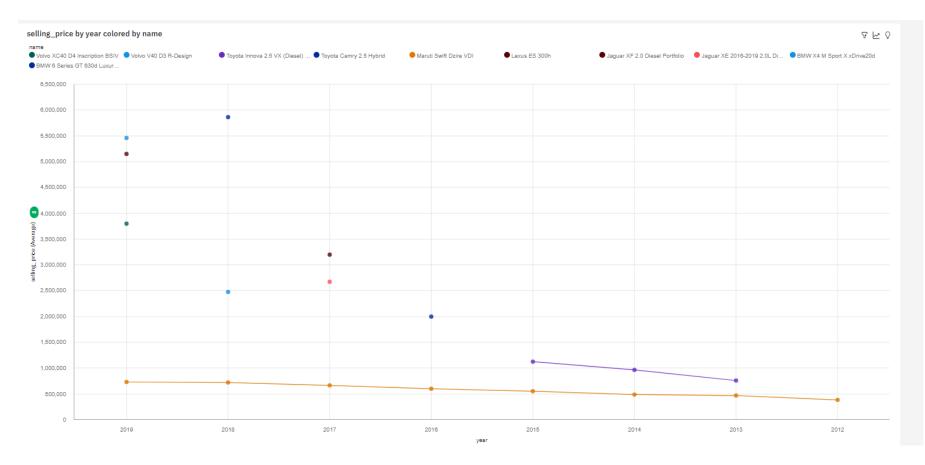

For km_driven, 2012, 2013, 2011, 2010, and 2014 are the most important categories of year with a total value of 56,266,685 (70.7 % of the total)

The value of km_driven is unusually low when year is 2018.

The sum of km_driven for all values of year and mileage is 79,533,963.

The summed values of km_driven over all combinations of the inputs range from a minimum of 20,000 to a maximum of 5,050,368.

The value of km_driven is unusually high when the combinations of year and mileage are 2013 +12.99 kmpl, 2011 + 12.8 kmpl, 2012 + 15.1 kmpl, 2014 + 15.1 kmpl, 2010 + 12.8 kmpl and more

2019 is the most frequently occurring category of year with a count of 135 items (31.3 % of the total).

Maruti Swift Dzire VDI is the most frequently occurring category of name with a count of 129 items (29.9 % of the total).

year strongly drives selling_price (71%).

The value of selling_price is most unusual when the values of year are 2019, 2014 and 2012.

name strongly drives selling_price (100%).

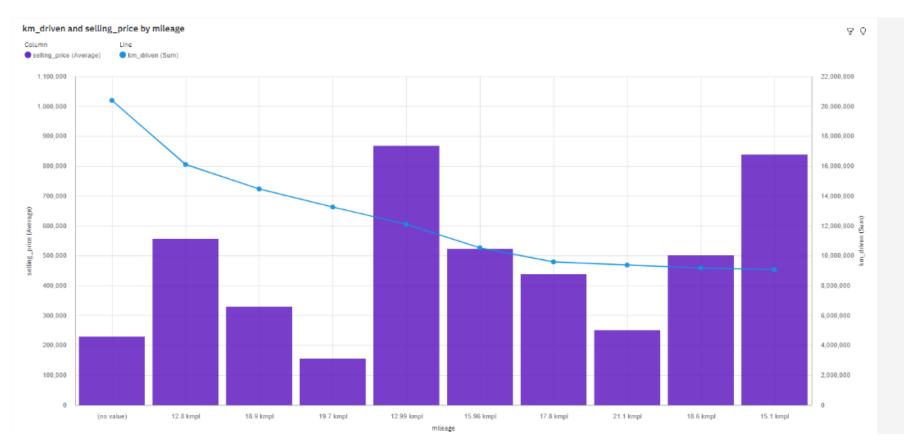

The value of **selling_price** is unusually high when the values of **name** are BMW 6 Series GT 630d Luxury Line, BMW X4 M Sport X xDrive20d and Lexus ES 300h.

The average of selling_price for all values of year and name is 2,554,060.

The average values of selling_price over all combinations of the inputs range from a minimum of 381,667 to a maximum of 5,860,000.

year and name strongly drive selling_price (100%).

The value of selling_price is unusually high when the combination of year and name is 2018 + BMW 6 Series GT 630d Luxury Line.

The average of selling_price for all values of mileage is 412,194.

The average values of selling_price range from a minimum of 156,234 (when mileage is 19.7 kmpl) to a maximum of 868,105 (when mileage is 12.99 kmpl).

mileage moderately drives selling_price (50%).

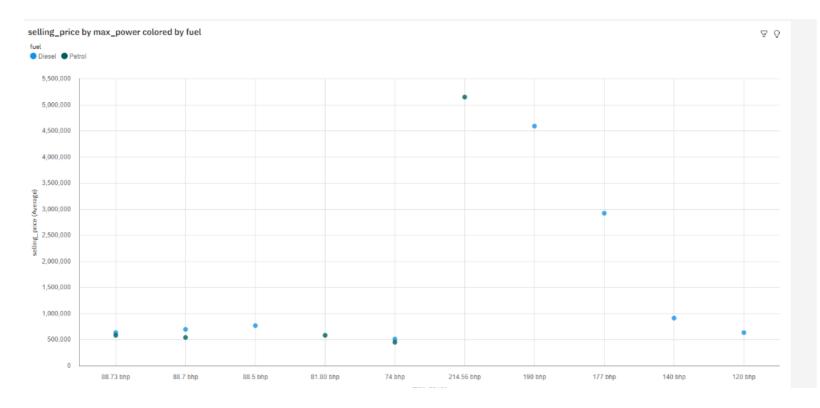

The value of selling_price is unusually high when the values of mileage are 12.99 kmpl and 15.1 kmpl.

18.9 kmpl (15.5 %) and (no value) (15.2 %) are the most frequently occurring categories of mileage with a combined count of 446 items (30.7 % of the total).

The sum of km_driven for all values of mileage is 123,989,440.

The summed values of km_driven range from a minimum of 9,068,798 (when mileage is 15.1 kmpl) to a maximum of 20,387,440 (when mileage is (no value)).

The value of km_driven is unusually high when mileage is (no value).

74 bhp is the most frequently occurring category of max_power with a count of 377 items (24.3 % of the total).

max_power strongly drives selling_price (92%).

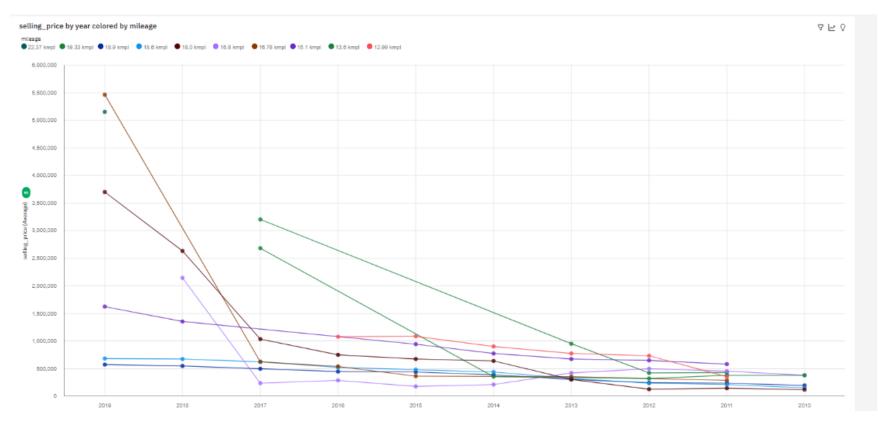

The value of **selling_price** is unusually high when the values of **max_power** are 214.56 bhp and 190 bhp.

The average of selling_price for all values of max_power and fuel is 1,112,463.

The average values of selling_price over all combinations of the inputs range from a minimum of 451,556 to a maximum of 5,150,000.

The value of selling_price is unusually high when the combinations of max_power and fuel are 214.56 bhp + Petrol and 190 bhp + Diesel.

Diesel is the most frequently occurring category of **fuel** with a count of 1146 items (74 % of the

18.6 kmpl (18.4 %) and 18.9 kmpl (18.4 %) are the most frequently occurring categories of mileage with a combined count of 324 items (36.8 % of the total).

mileage moderately drives selling_price (61%).

The value of selling_price is unusually high when mileage is 22.37 kmpl.

2019 (18.4%) and 2017 (18%) are the most frequently occurring categories of year with a combined count of 320 items (36.4% of the total).

year moderately drives selling_price (63%).

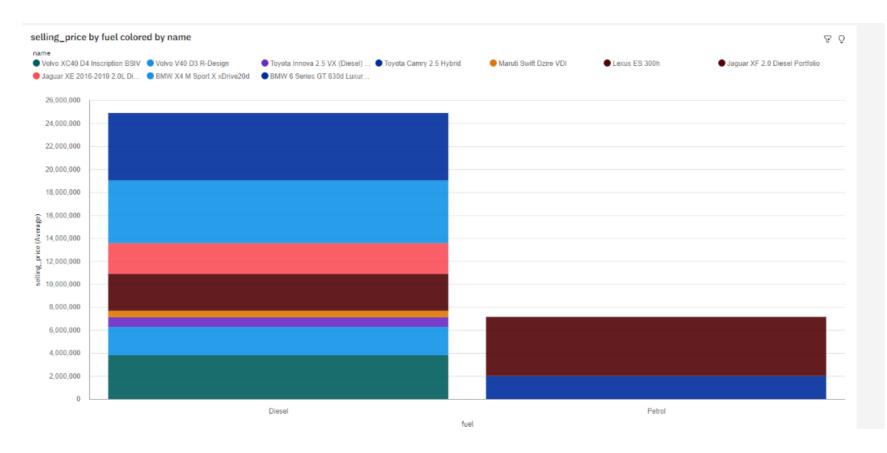

The value of **selling_price** is unusually high when **year** is 2019.

The average of selling_price for all values of year and mileage is 1,447,497.

The average values of selling_price over all combinations of the inputs range from a minimum of 116,100 to a maximum of 5,461,290.

year and mileage strongly drive selling_price (98%).

The value of selling_price is unusually high when the combinations of year and mileage are 2019 + 16.78 kmpl and 2019 + 22.37 kmpl.

Diesel is the most frequently occurring category of **fuel** with a count of 364 items (84.5 % of the total).

Maruti Swift Dzire VDI is the most frequently occurring category of name with a count of 129 items (29.9 % of the total).

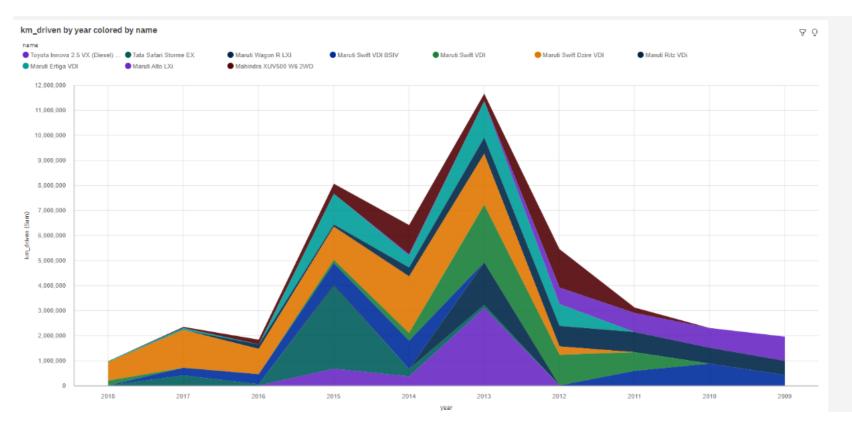

name strongly drives selling_price (100%).

The value of selling_price is unusually high when the values of name are BMW 6 Series GT 630d Luxury Line, BMW X4 M Sport X xDrive20d and Lexus ES 300h.

The average of selling_price for all values of fuel and name is 2,554,060.

The average values of selling_price over all combinations of the inputs range from a minimum of 578,659 to a maximum of 5,860,000.

The value of selling_price is unusually high when the combinations of fuel and name are Diesel + BMW 6 Series GT 630d Luxury Line, Diesel + BMW X4 M Sport X xDrive20d and Petrol + Lexus ES 300h.

For km_driven, 2013 is the most important category of year with a total value of 11,657,840 (26.4 % of the total).

The value of km_driven is unusually high when year is 2013.

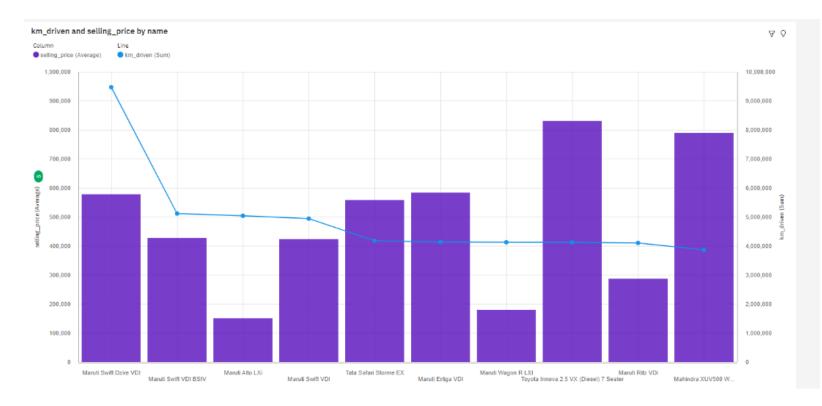

For km_driven, Maruti Swift Dzire VDI is the most important category of name with a total value of 9,228,691 (20.9 % of the total).

The value of km_driven is most unusual when the values of name are Maruti Swift Dzire VDI and Maruti Wagon R LXI.

The sum of km_driven for all values of year and name is 44,084,374.

The summed values of km_driven over all combinations of the inputs range from a minimum of 35,000 to a maximum of 3,300,000.

The value of km_driven is unusually high when the combinations of year and name are 2015 + Tata Safari Storme EX, 2013 + Toyota Innova 2.5 VX (Diesel) 7 Seater, 2013 + Maruti Swift VDI, 2014 + Maruti Swift Dzire VDI and 2013 + Maruti Swift Dzire VDI.

Maruti Swift Dzire VDI is the most frequently occurring category of **name** with a count of 129 Items (22.6 % of the total).

The average of selling_price for all values of name is 463,111.

The average values of selling_price range from a minimum of 150,430 (when name is Maruti Alto LXI) to a maximum of 830,000 (when name is Toyota Innova 2.5 VX (Diesel) 7 Seater).

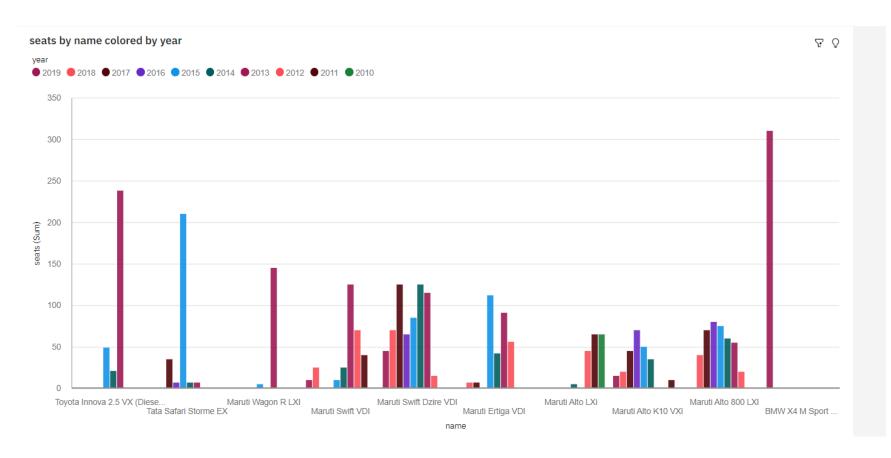

name strongly drives selling_price (77%).

The value of selling_price is most unusual when the values of name are Toyota Innova 2.5 VX (Diesel) 7 Seater, Mahindra XUV500 W6 2WD and Maruti Alto LXI.

The sum of km_driven for all values of name is 49,074,670.

The summed values of km_driven range from a minimum of 3,860,236 (when name is Mahindra XUV500 W6 2WD) to a maximum of 9,470,391 (when name is Maruti Swift Dzire VDI).

The value of **km_driven** is unusually high when **name** is Maruti Swift Dzire VDI.

For **seats**, 2013 and 2015 are the most important categories of **year** with a total value of 1372 (43.9 % of the total).

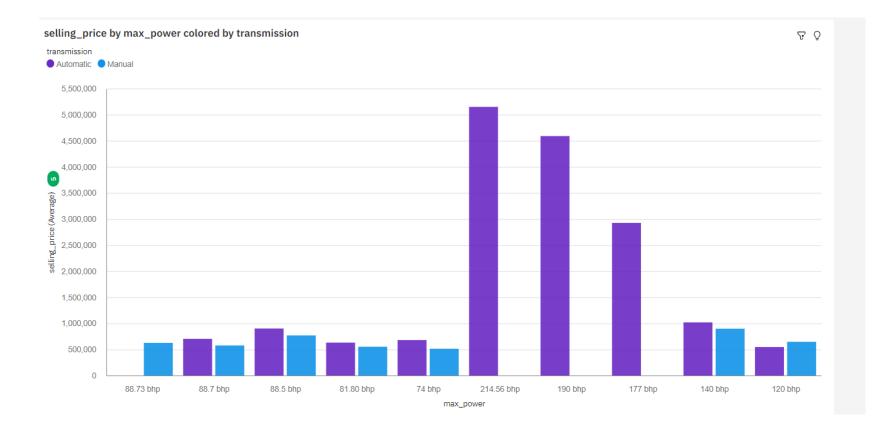

The value of **seats** is unusually high when **year** is 2013.

For **seats**, Maruti Swift Dzire VDI is the most important category of **name** with a total value of 645 (20.6 % of the total).

The value of **seats** is most unusual when the values of **name** are Maruti Swift Dzire VDI, Maruti Wagon R LXI and Maruti Alto LXi.

The sum of **seats** for all values of **name** and **year** is 3124.

The summed values of **seats** over all combinations of the inputs range from a minimum of 5 to a maximum of 310.

74 bhp is the most frequently occurring category of max_power with a count of 377 items (24.3 % of the total).

Manual is the most frequently occurring category of **transmission** with a count of 1190 items (76.8 % of the total).

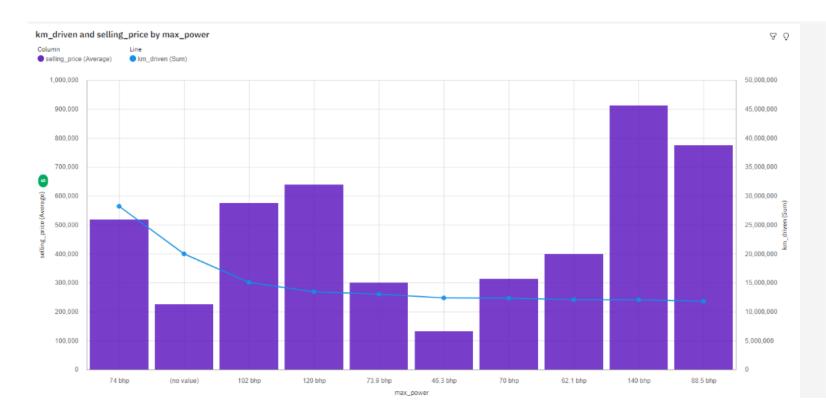

max_power strongly drives selling_price (92%).

The value of **selling_price** is unusually high when the values of **max_power** are 214.56 bhp and 190 bhp.

transmission moderately drives selling_price (45%).

The average of **selling_price** for all values of **max_power** and **transmission** is 1,112,463.

The average values of **selling_price** over all combinations of the inputs range from a minimum of 514,371 to a maximum of 5,150,000.

74 bhp is the most frequently occurring category of max_power with a count of 377 items (22.1 % of the total).

The average of selling_price for all values of max_power is 474,324.

The average values of selling_price range from a minimum of 132,885 (when max_power is 46.3 bhp) to a maximum of 913,062 (when max_power is 140 bhp).

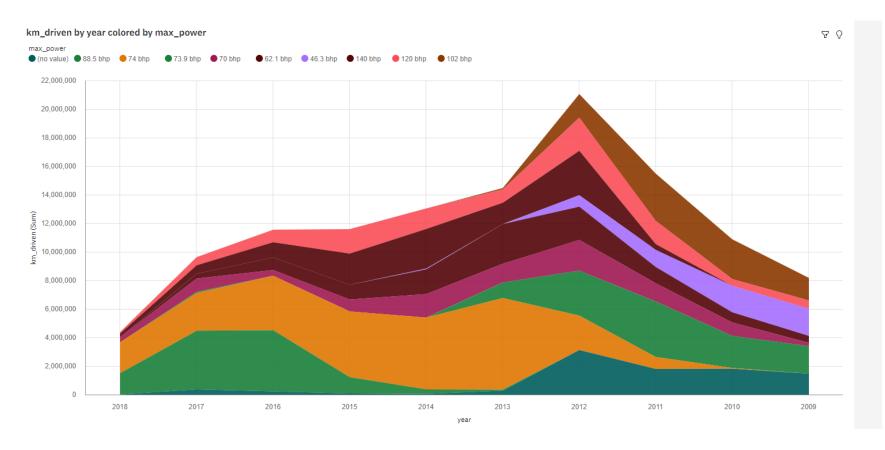

max_power moderately drives selling_price (60%).

The value of **selling_price** is unusually high when **max_power** is 140 bhp.

The sum of km_driven for all values of max_power is 150,137,738.

The summed values of km_driven range from a minimum of 11,778,249 (when max_power is 88.5 bhp) to a maximum of 28,189,927 (when max_power is 74 bhp).

The value of km_driven is unusually high when the values of max_power are 74 bhp and (no value)

For **km_driven**, 2012 is the most important category of **year** with a total value of 21,047,591 (17.5 % of the total).

The value of **km_driven** is most unusual when the values of **year** are 2012 and 2018.

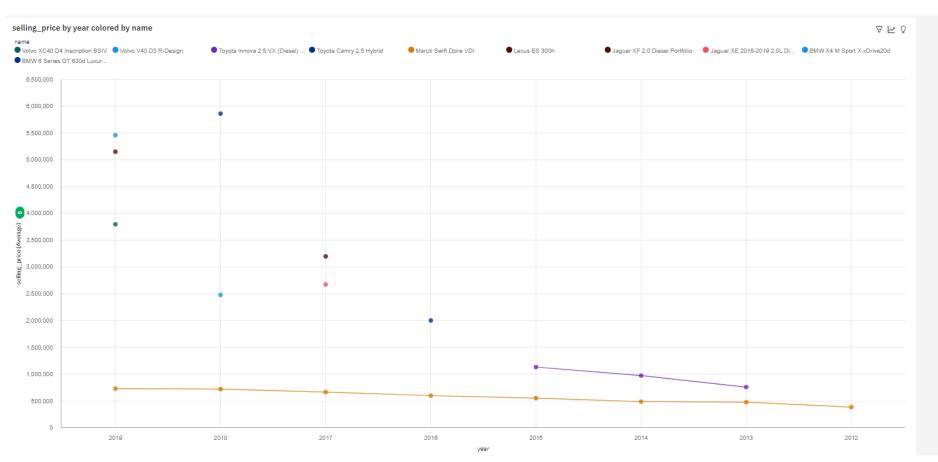

The sum of km_driven for all values of year and max_power is 120,257,018.

For km_driven, 74 bhp is the most important category of max_power with a total value of 27,952,047 (23.2 % of the total).

The summed values of **km_driven** over all combinations of the inputs range from a minimum of 14,681 to a maximum of 6,415,771.

The value of km_driven is unusually high when the combination of year and max_power is 2013 + 74 bhp.

The value of **km_driven** is most unusual when the values of **max_power** are 74 bhp and 46.3 bhp.

Maruti Swift Dzire VDI is the most frequently occurring category of name with a count of 129 items (29.9 % of the total).

name strongly drives selling_price (100%).

The value of **selling_price** is unusually high when the values of **name** are BMW 6 Series GT 630d Luxury Line, BMW X4 M Sport X xDrive20d and Lexus ES 300h.

2019 is the most frequently occurring category of year with a count of 135 items (31.3 % of the total).

year strongly drives selling_price (71%).

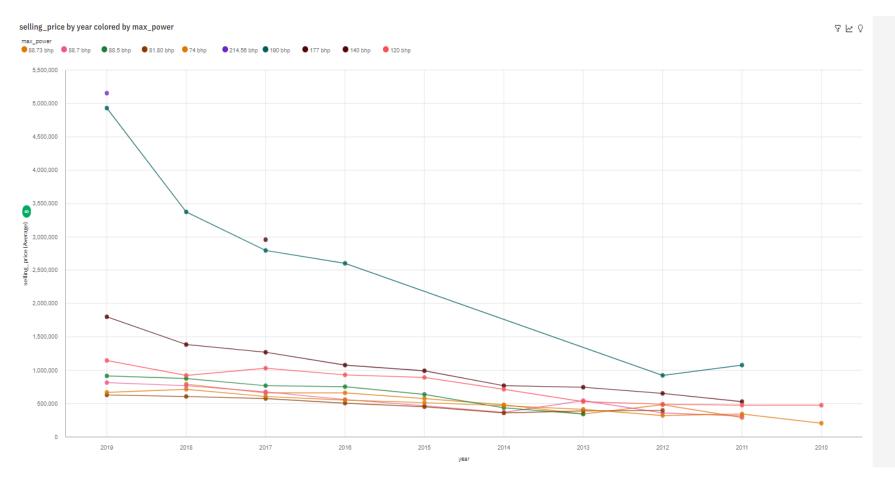

The value of **selling_price** is most unusual when the values of **year** are 2019, 2014 and 2012.

The average of **selling_price** for all values of **year** and **name** is 2,554,060.

The average values of selling_price over all combinations of the inputs range from a minimum of 381,667 to a maximum of 5,860,000.

year and name strongly drive selling_price (100%).

The value of **selling_price** is unusually high when the combination of **year** and **name** is 2018 + BMW 6 Series GT 630d Luxury Line.

2017 is the most frequently occurring category of year with a count of 314 items (21 % of the total).

74 bhp is the most frequently occurring category of max_power with a count of 376 items (25.2 % of the total).

year moderately drives selling_price (43%).

The value of **selling_price** is unusually high when **year** is 2019.

max_power strongly drives selling_price (93%).

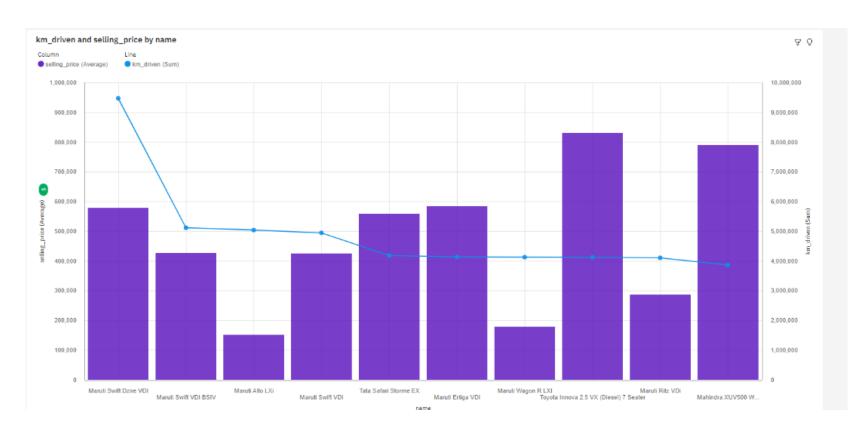

The value of selling_price is unusually high when the values of max_power are 214.56 bhp and 190 bhp.

The average of **selling_price** for all values of **year** and **max_power** is 1,136,475.

The average values of selling_price over all combinations of the inputs range from a minimum of 210,000 to a maximum of 5,150,000.

year and max_power strongly drive selling_price (97%).

The value of selling_price is unusually high when the combinations of year and max_power are 2019 + 214.56 bhp and 2019 + 190 bhp.

Maruti Swift Dzire VDI is the most frequently occurring category of name with a count of 129 Items (22.6 % of the total).

The average of selling_price for all values of name is 463,111.

The average values of selling_price range from a minimum of 150,430 (when name is Maruti Alto LXI) to a maximum of 830,000 (when name is Toyota Innova 2.5 VX (Diesel) 7 Seater).

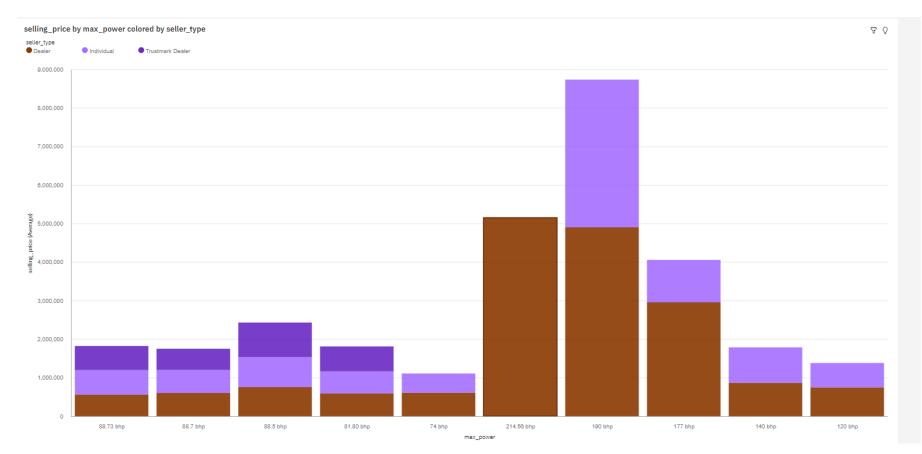

name strongly drives selling_price (77%).

The value of selling_price is most unusual when the values of name are Toyota Innova 2.5 VX (Diesel) 7 Seater, Mahindra XUV500 W6 2WD and Maruti Alto LXI.

The sum of km_driven for all values of name is 49,074,670.

The summed values of km_driven range from a minimum of 3,860,236 (when name is Mahindra XUV500 W6 2WD) to a maximum of 9,470,391 (when name is Marutl Swift Dzire VDI).

The value of km_driven is unusually high when name is Maruti Swift Dzire VDI.

74 bhp is the most frequently occurring category of max_power with a count of 377 items (24.3 % of the total).

Individual is the most frequently occurring category of seller_type with a count of 1064 items (68.7 % of the total).

seller_type slightly drives selling_price (27%).

The value of **selling_price** is unusually high when **seller_type** is Dealer.

max_power strongly drives selling_price
(92%)

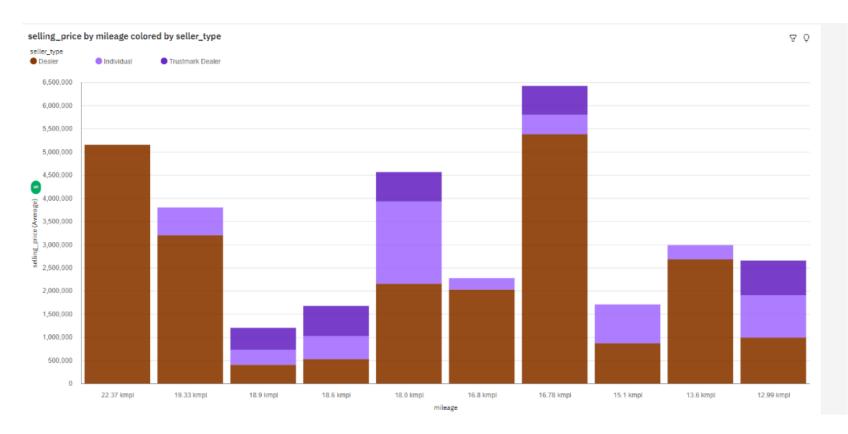

The value of **selling_price** is unusually high when the values of **max_power** are 214.56 bhp and 190 bhp.

The average of selling_price for all values of max_power and seller_type is 1,112,463.

The average values of selling_price over all combinations of the inputs range from a minimum of 498,123 to a maximum of 5,150,000.

max_power and seller_type strongly drive selling_price (93%).

The value of selling_price is unusually high when the combinations of max_power and seller_type are 214.56 bhp + Dealer, 190 bhp + Dealer, 190 bhp + Individual and 177 bhp + Dealer.

Individual is the most frequently occurring category of seller_type with a count of 695 items (68.9 % of the total).

seller_type moderately drives selling_price (50%).

The value of **selling_price** is unusually high when **seller_type** is Dealer.

The average of selling_price for all values of mileage and seller_type is 1,284,126.

The average values of selling_price over all combinations of the inputs range from a minimum of 246,586 to a maximum of 5,379,127.

mileage and seller_type strongly drive selling_price (87%).

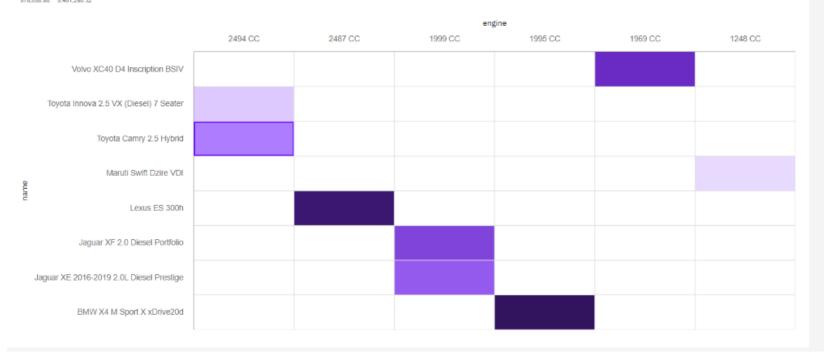

The value of selling_price is unusually high when the combinations of mileage and seller_type are 16.78 kmpl + Dealer and 22.37 kmpl + Dealer.

18.9 kmpl is the most frequently occurring category of mileage with a count of 225 items (22.3 % of the total).

selling_price by name and engine 5

ଟ ଠ

Details

are BMW X4 M Sport X xDrive20d + 1995 CC, Lexus ES 300h + 2487 CC, Maruti Swift Dzire VDI + 1248 CC, Toyota Innova 2.5 VX (Diesel) 7 Seater + 2494 CC, Volvo XC40 D4 Inscription BSIV + 1969 CC and more.

Maruti Swift Dzire VDI is the most frequently occurring category of name with a count of 129 items (32.6 % of the total).

The value of selling_price is unusually high when the values of name are BMW X4 M Sport X xDrive20d and Lexus ES 300h.

1248 CC is the most frequently occurring category of **engine** with a count of 129 items (32.6 % of the total).

engine strongly drives selling_price (98%).

The value of **selling_price** is unusually high when the values of **engine** are 1995 CC and 2487 CC.

Both name and engine are equally good at explaining selling_price. There is no complex relationship involving name, engine, and selling_price.
